Mt. Whitney Ascent via the Mountaineer's Route

Summer Ascent of the Highest Peak in the Lower 48

General Description: This course offers a practical introduction to alpine climbing-- providing a guided climb of Mt. Whitney via the Mountaineer's Route (class 2-3) **Note: This is NOT the Mt. Whitney Trail Route!!** This is an excellent way to explore and climb the highest mountain in the Sierra Nevada and the lower 48 states. This is a great climb for the beginning mountaineer or intermediate backpacker who wants to climb this peak in an adventurous way. This trip is on a less crowded route with fantastic views of the East Face of Mt. Whitney and many other peaks in the Sierra's. A classic alpine route involving rock scrambling, cross-country hiking, and a short bit of roped climbing. Anyone in very good to excellent physical condition with essential backpacking skills and a desire to push themselves can accomplish this challenging climb. We will teach you the techniques you need to know to safely ascent Mt. Whitney via the Mountaineer's Route. Give us a call if you have any questions.

Sample Itinerary

Day 1: Meet at the SWS Mountain Guides Office in Lone Pine at 7:00 am. After a full pack check and issuing of gear for the climb, we will head off to the Whitney Portal trail head, a short, 30-minute drive. As we hike, we will be instructing, holding informal lectures, and preparing you for the next day's climb.

Day 2: Summit Day!! We will rise early for an alpine start (3-4 am) and climb via the mountaineer's route on Mt. Whitney's northeast side, returning to our base camp by late in the afternoon.

Day 3: Day three we pack up and head down to the trail head arriving at our vehicles by 1-2:00 PM.

PLEASE NOTE - This is a best-case scenario. This itinerary is subject to change at the guide's discretion and is dependent on mountain conditions, group experience/expectations, and other factors we cannot anticipate.
